## Press Release

### **LANDI RENZO WILL PARTICIPATE IN THE ECORALLY "1° GRAN PREMIO CITTA' DI PARMA – TOSCANINI MEMORIAL"**

On Saturday and Sunday, May 5-6, 2007, Landi Renzo S.p.A. will participate in the Ecorally Toscanini Memorial for vehicles with ecological fuels and dedicated to, on the fiftieth anniversary of his death, the great orchestra director, Arturo Toscanini. The race is valid for the FIA Cup (Fédération Internationale de l'Automobile). The race is based on time-trials and fuel consumption that all vehicles may participate in, so long as they use fuels that respect the environment and with low pollution levels.

The participation of Landi Renzo S.p.A. is based on this ecological inspiration, in line with its role as a world leader in the market of LPG and CNG fuel systems that, with its constant desire to spread the culture of ecologically sustainable mobility. The company will participate with a CNG fueled car driven by an employee.

The event has been organized by the Council for Mobility and Environment of the Commune of Parma, Leading Commune of the ICBI Convention - Low Impact Fuel Initiative, planned by the Ministry of the Environment and the Protection of the Territory and Sea to promote gaseous fuels with low environmental impact, LPG and CNG.
